Dear Customer,

concerning your request for the use of "conflict minerals", we would like to give the following statement:

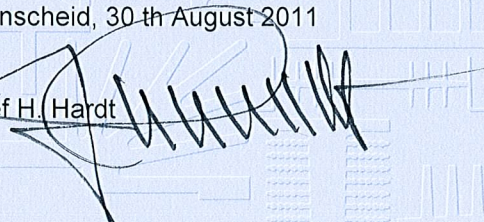

The only two "conflict minerals" that we use in our production and that we frequently buy from suppliers are tin and gold.

None of our suppliers is sourcing these basic materials in the Democratic Republic of Congo. We have written testimony of this commitment.

We are asking for your understanding that we are not prepared to disclose our suppliers' names.

For further questions do not hesitate to contact us again.

Lüdenscheid, 30<sup>th</sup> August 2011
